

Sarale Gamliel Full Stack Developer | AI-Powered Applications

☎ 054-283-8288 | ✉ saraledafna@gmail.com | 📍 Central District, Israel

LinkedIn: <https://www.linkedin.com/in/sarale-gamliel-il/> | GitHub: <https://github.com/Sarale-Gamliel>

Summary

Full Stack Developer focused on building modern web applications and AI-driven products. Experienced in building applications from concept to deployment using React, Next.js, and Node.js with a strong focus on user experience. Combines hands-on development experience with a background in teaching modern web technologies.

Professional Experience

Independent Full Stack Developer

2025 – Present

Build and maintain full-stack web applications using React, and Node.js. Create user-friendly interfaces, use AI tools to improve development workflows, and deploy applications using Git, GitHub, and Vercel.

Full Stack Development Instructor

2023 – 2025

Taught HTML, CSS, JavaScript, React, and Node.js through real-world projects and practical exercises. Supported students in building full-stack applications, solving coding challenges, and improving their development skills.

Projects

CLIQ Trivia – AI-Powered Interactive Trivia Platform

React • Node.js • Supabase • Vercel • Tailwind CSS • Framer Motion

Built a real-time trivia platform for live events, focusing on interactive gameplay, smooth animations, and responsive user experience.

Live Demo: <https://cliq-trivia-app.vercel.app/>

AI-Enhanced E-Commerce Platform

React • Next.js • Supabase • Vercel • Resend • Payment Integration

Built a modern e-commerce platform with a focus on a smooth user journey from product discovery to checkout. Implemented backend services, payment integration, automated email notifications, and AI-powered features to enhance the shopping experience.

LifeSaver – Real-Time First Aid Support Platform

React • Node.js • MongoDB

Developed a real-time first aid support platform designed to connect users with the right assistance quickly. Built authentication flows, role-based access control, and responsive interfaces while focusing on reliability and ease of use.

Skills

Frontend: React, [Next.js](#), TypeScript, JavaScript, HTML5, CSS3, CSS, Responsive Design, UI/UX

Backend: [Node.js](#), REST APIs

Databases: Supabase, MongoDB, SQL Server

AI Tools: Claude, ChatGPT, Gemini, Google Antigravity, Runway

Tools & Platforms: Git, GitHub, Vercel, VS Code

Education

2021 – 2023: B.Sc. in Software Engineering — Haredi Center for Vocational Training, accredited by M.H.T.

2018 – 2021: Full Matriculation — Afikim High School (Emphasis: Accounting)

Languages

Hebrew – Native | **English** – Professional working proficiency
